

North Canterbury Model Railway Club Seeks New Home

The **North Canterbury Model Railway Club** is a welcoming group for anyone interested in model trains and layout building. Members meet Tuesdays and Thursdays from 7–9pm, and Saturday mornings from 10am to midday, currently based at 13 Blake Street in Rangiora.

The club offers a hands-on hobby with a wide range of skills to explore, including electronics, soldering, scenery building, track laying, computer programming, and model construction. Tuesday nights are dedicated to running trains on the club's layouts, including a popular Thomas the Tank Engine setup for younger enthusiasts. Members can bring their own locomotives or use the club's collection.

The club is now facing an urgent challenge. Their current premises are due for demolition within the next 6–12 months, and they are actively seeking a new space of around 180 square metres to house their layouts. Affordable options are essential, and the club is reaching out to the community in the hope that someone may have suitable space available.

If you can help or would like to learn more, the club would love to hear from you. Contact Wayne at 021457375 or email secretary@ncmrc.org.nz

The club's website is <https://www.ncmrc.org.nz>

Blanketed With Love ❤️

Helping our vulnerable children has always been in the forefront of my mind and almost 2 years ago I put my big girl britches on and started my charity **BLANKETED WITH LOVE**. We first started just with blankets but it has certainly grown and we now also gift clothing and toys all handmade with lashings of love. Sadly every year the need grows greater and my ladies can't keep up, so I am always needing more knitters and crocheters and any donations of yarn would be so much appreciated. Please reach out if you can help either via the Facebook page <https://facebook.com/Blanketedwithlovenz/> or for a more personal chat please feel free to call me, Julie 0274181620

Phone is not a break

Remember, we are wired to be self-aware. If we don't disconnect, we prevent our brains from doing the very thing that makes us human. Constant scrolling fills every quiet moment, leaving no space to think, reflect, or simply be. A real break means stepping away, even briefly, and allowing your mind to reset.
